

# Where will YOUR hike take you?

The Hike for Hospice is a nation-wide event that helps raise awareness and much-needed funds for hospice palliative care throughout Canada!

Funds raised through our Hike will help to ensure that more people in Orillia and surrounding areas receive the care and support they wish for when experiencing illness, death and grief. 100% of the funds we raise will contribute directly to hospice palliative care services in our area.

While we are saddened that we cannot gather as a group this year, we are excited to present a new option for those who wish to participate in this annual tradition. This year, rather than hosting the Hike for Hospice on a single day, we will be inviting individuals and organizations to participate throughout the month of October. Your Hike for Hospice can take you to Scout's Valley, Grants Woods, the waterfront, your garden, or to your favourite hiking trail. The possibilities are endless. You can even hike on multiple days if you choose!

Participants are invited to post photos on social media using the hashtag #H4HOrillia or send photo's to [amanda@hospiceorillia.ca](mailto:amanda@hospiceorillia.ca)

Hospice Orillia offers practical, emotional and spiritual support to those in our community coping with advanced illness, death and bereavement. Our volunteers and staff serve clients and their loved ones of all ages and backgrounds with compassion and respect, while honouring their choices and supporting them through their life journey.

Hospice Orillia has been recognized as a leader in both providing and advocating for Hospice Palliative Care services within our community since 1989. We are honoured to be able to continuing to provide the services our community members deserve.

At Mariposa House Hospice we will Honour Every Moment of Life, one terminally ill patient and their family at a time. Mariposa House Hospice will support all citizens of Orillia and area to die with the highest quality, locally supportive palliative care.

Each patient and their family will be given the care and emotional support that they need as the end of life is approaching in a warm, sensitive environment run by professionals and dedicated volunteers. We want the experience of death and dying at Mariposa House to be as positive as possible for our patients and their families.

Mariposa House will be a place recognized for high quality care and comfort.
